NOTE.

Dated 10.10.26

Re-organisation of Veterinary dept.

It would be an advantage, as leading to increased efficiency of the Dept concerned, if all vets were brought under one Cadre - Now attached to Agr, Military & Forest depts, instead of Marine & Public Health Depts. Other Depts also likely to be touched with this proposition.

A note may kindly be put up on the question.

Reorganisation of the Veterinary Dept : a note.

1 The veterinary staff now, consists of the C.V.D. and the small staffs attached to the military Dept and to the Elephant Establishment of the forest Dept.

2 The C.V.D. is in charge of the Supdt C.V.D. under the general administrative control of the Dir of Agn. It consists of two Asst Supdts in charge of the two circles (Bangalore + Shimoga), 32 Verl Insps in charge of the Verl dispensaries + hospitals in the State, 8 Verl Insps belonging to the Mobile Corps, besides the necessary staff of salutris + compounders. [For the purposes of this note, it is unnecessary to take into account, the small temporary staff of Inspectors, salutris + peons, sanctioned for dealing with the extensive outbreaks of rinderpest, which began last year.] The work of this staff consists mainly, in the investigation, prevention + treatment of cattle diseases in the State. Kind refee is invited in this connection to the note put up on pp. 18 in file No 223-24.(A+E). placed below: it gives a short account of the origin of the Dept, changes from time to time, and the present position.

2 Verl Officers in charge of the Hospitals at Bangalore + Mysore

Flag. T.

3 The Verl staff attached to the military Dept. consists of 4 Verl Officers, attached respectively to the Mysore Lancers, the Mysore Transport Corps, the Mysore Horse and the Kunigal Shed farm. It is understood that these Veterinarians are subject to the control of their respective Commandants (+ to that of the Supdt, in the case of Kunigal Shed farm) and the whole Verl staff, as such, is under the control of the

NOTE—Contd. Sheet

WD 01264—GPB—40,000—17-12-26

Chief Commandant. The work of this staff consists in the prevention & treatment of diseases in the case of horses & mules belonging to the several regiments, the supervision of shoeing work by the farrier establishment and generally in looking after the proper health of the animals.

"The Forest Dept have a Veterinarian attached to the Elephant Establishment. In 1917-18, the no. of departmental elephants was increased from 18 to 40: Govt recognising the need for a separate Verⁿ Staff for the elephant establishment, sanctioned it in their Order No. R.1902-3 Ft 203-17-5. d. 1st Aug 1918. The post of the Game Preserver Officer was abolished, the staff was under his direct control, but since then, it is directly under the Orders of the Conservator of Forests.

"The scales of pay of the several classes of Verⁿ Officers (C.V.D., Milⁿ, & Forest) are reproduced below for purposes of refᵉ:—.

Flag. V.

C. V. D.		Military V.D.	Forest (Verⁿ)
Supdt	300-25-500.		
Asst Supdt	150-10-200.		
Verⁿ Officers	120-10-140.	Verⁿ Officers:—.	
		(Mysore Lancers) 150-10-200.	Verⁿ Insptr. 72-5-97.
Verⁿ Inspectors (of 3 grades)	97-2-100 72-5-97 50-5-72	(Transport Corps) 73-5-100 + P.A. 20.	
		(Mysore Horse) 82.	
		(Kuniyal Shid Farm) 100-10-150.	
Saluntries (of 3 grades)	30; 25; 20.	The pay of saluntries varies from Rs 20/- to Rs 20/-	Saluntry - 25.

"The question of amalgamating the several Verⁿ Staffs, so as to include the Officers in one cadre

Serial No.

has been once before, under the consideration of Govt. In July 1925, death was reported of a few Departmental elephants, of anthrax, in the State forests in the neighbourhood of Shimoga. The Supdt was directed to proceed to the spot: and in sending up his report later, the Supdt (Major Simpson) suggested the desirability of abolishing the post of the Veterinarian attached to the Forest Dept and of entrusting the work of looking after the Departmental elephants to the respective Verly Inspectors of the C. V. D, in charge of the Taluks where the elephants may be working for the time being. The Govt did not accept the Supdt's views about the abolition of the Separate Verly Staff for the Forest Dept and requested for the views of the Conr of Forests as to why the Forest Veterinarian appointment should not be included in the cadre of the C. V. D. provided option was allowed to him to make a proper selection from among the Officers of that Dept and the Officer selected was placed entirely under his control, during the period he was attached to the forest Dept. (Letter No. I.C. 2272. Ft. 6-25-7. d. 2nd Oct. 1925). The Conr was not in favour of the suggestion: the reasons given by him were not convincing. The Govt however did not consider it worthwhile to press it in spite of his disagreement (Please refer to Paras 1—6 the office notes in Ft file No 260-25-1 placed below.) A similar question arose for the consideration of Govt, in connection with the repeated request of Mr M. Swami Rao, Verly Officer attached to the

Flag E.

NOTE.—Contd. Sheet

Serial No.

Imperial Service Lancers, to be transferred to the C.V.D. The Dir of Agr was fully in support of the Supdt proposal to amalgamate the several Vet staff into one cadre, and to place the services of selected officers at the disposal of the ~~Dept~~ Dept to which they are at present attached. The Chief Commandant was however of the opinion, that the question might be taken up for consideration, after the State forces were reorganised. (Please see his letter No. Cy. 7092/25-26. d. 8th March 1926. Pp. 20. in C.V. File No 8-25 placed below).

Flag N.

It may be noted that, in Madras & Bombay the military Vet Dept is a separate Dept, whose officers are directly under the control of the Military Dept, and whose services are lent from time to time from the C.V.D. Here, where the Vet staff, outside the C.V.D. is very small in number, it seems unnecessary to have separate cadres. The amalgamation will be in the interests of the officers concerned, as well as of the Departments now employing them. It will prevent stagnation and keep the officers in touch with the latest developments in Vet surgery & Science. There will be no difficulty of interchanging these officers as between the C.V.D, the military & the Forest Depts. Such amalgamation will also be ultimately useful in the removal of inequalities in pay & prospects of these Vet officers, who possess the same qualifications & have undergone similar courses of training.

One or two points have to be considered in ordering such an arrangement :-

1) How is the place of the Veᵗʸ Officer (now outside the C.V.D) to be fixed in the general case of the Veᵗʸ Dept :- according to pay or according to qualifications & Service?

2) What is the departmental relationship as between the Veᵗʸ Officer selected for other Depts, and the respective HOs of Depts on the one hand the Supdt C.V.D on the other?

(In this connection, it is also perhaps useful to consider the question of separating the Veᵗʸ I from the control of the Dir of Agri)

The Question for consideration here is that of combining into one unit the Vet.y officers employed in the Civil Vet.y, Military and Forest Departments.

The Note put up by the Asst. Secy. gives all the facts. It appears to me that most of it there no objection to the Combination but that a combination will tend to increase the efficiency of the Dept as a whole. The Question was once before considered by the Govt., and though, in spite of the views of the Conservator of Forests, Government in favour of the combination they did not proceed further in the matter.

The objection raised by the Conservator on the previous occasion appears to me to be untenable. There is no reason why a Vet. Officer lent to the Forest Dept should be frequently or even at all disturbed. Nor do I see how a lent officer cannot come under the sole control of the Hd. of the Dept.

The present system of keeping the three groups of officers separate has had, among other things, the disadvantage of prejudicially affecting the prospects of the officers who are not in the Civil Vet.y Dept.

On the whole, the case for combining the three units into seems to be a strong one. The

Services of the necessary no. of officers may be lent to the Mily. & the Trans/Deptt. for a period of three or 5 years. During which the Lt will for all practical purposes form part of the Staff of the Deptt to which their services are lent. Their relation with the C.V. Dept during such period will be that the Lt will be entitled to any promotion which may fall due to them as a result of forming part of a larger unit.

The question of fixing the place of the various officers is likely to give some trouble but this will be separately considered & the main idea of amalgamation is approved.

Final Note by the First Member of Council.

Subject:—

Reorganisation of the Veterinary Department with a view to include all Veterinary officers in the cadre.

—•—

At present besides the offices in the regular Veterinary Department, we have four officers employed in the Military Department, viz., (i) Military Veterinarian, Mysore Lancers, (ii) Assistant Superintendent Kunigal Stud Farm, (iii) Veterinarian, Transport Corps and (iv) Veterinarian, Mysore Horse. In addition to this, one officer is employed as Veterinary officer in the Forest Department and another as Manager of the Palace Royankere Dairy Farm.

The employment of these technical officers, more or less permanently, in different departments has been found to be a source of inconvenience. In the first place they lose the chances of promotion that they would get on the occurrence of vacancies in the regular Veterinary Department and thus become discontented. In the second place, if a man is found unfit in one particular place he has to be left there and the improvement of work which is only possible when there is scope for interchange is greatly handicapped. Moreover, these officers are not subjected to that technical supervision they would receive if the head of the Veterinary Department had some connection with their work.

The question of treating all officers employed on veterinary work as belonging to one cadre was therefore investigated under the orders of the Dewan and it is possible to treat them all as belonging to one cadre. The details as to the manner in which all these officers may be brought into one cadre and how they may be allocated has been worked out by the Secretary, Medical and Agriculture, at my instance and the details are shown in the accompanying statement. It will be seen from the list that there is not much difficulty in providing places for all these officers in one cadre.

The matter was considered in Council on the 30th September 1926

and it was resolved as follows:-

"The proposals to reorganise the Veterinary Department with a view to include all Veterinary officers in one cadre may be approved In the case of officers working in other Departments, they will be subject to the administrative control of the Head of the Department concerned, but the Head of the Veterinary Department will exercise general supervision in regard to technical matters".

The resolution of the Council refers only to the officers under the control of Government. The officer in charge of the Palace Dairy may also be included in the general cadre and shown as lent to the Palace so as to allow of interchange when required by th Huzur Secretary.

After receipt of His Highness' orders, an order will issue fixing the cadre of the entire Veterinary Department including the appointments of other Departments and the question of suitably allocating the existing officers and fixing their pay so as to cause no supersession will also be decided.

The resolution of the Council and the proposal to include the Palace Veterinary officer also in the general cadre which has the Dewan's approval may both be graciously sanctioned.

K Kaundy

Dated, Bangalore, 5th Novr. 1926.

The Veterinary Staff at present employed in the State is distributed between the Civil Veterinary Department and the Veterinary Establishments attached to the Military and Forest Departments. The officers in the Civil Veterinary Deptt. consist of ~~the~~ a Superintendent ~~&~~, ~~the~~ two Assistant Superintendents ~~(2)~~, ~~the~~ two Veterinary Officers ~~(2)~~, and ~~the~~ thirty-two three grades of Veterinary Inspectors ~~(32)~~. The total number of these officers is now 37, excluding the staff of the Mobile Corps. There are four officers in the Veterinary Establishment attached to the Military Deptt., namely, ~~(1)~~ Veterinarian, Mysore Lancers, ~~(2)~~ Assistant Superintendent, Kunigal ~~Shed (1)~~ Stud Veterinarian, ~~Mysore Horse~~ Transport Corps & X. There is one Veterinary Inspector, working in the Forest Department and another is attached to the Koyankere Palace Dairy Farm.

and ~~(1)~~ Veterinarian, Mysore Horse

2. The Civil Veterinary Department is directly in charge of the Deptt. working under the general administrative

control of the Director of Agriculture. The Commandants of the Mysore Lancers, the Mysore Horse and the Transport Corps and the Superintendent of the Bangalore Stud control the Veterinary Staff attached to them, under the general direction of the Chief Commandant. The Veterinarian in the Forest Department was originally placed under the Game Preserve Officer, but since the abolition of that post, he works directly under the orders of the Conservator of Forests.

3. The employment of these officers, possessing similar technical qualifications more or less permanently, in different Departments, is a source of much inconvenience. The staff employed outside the regular Civil Veterinary Department is small and the members have few chances of promotion. Their work is not subjected to the technical supervision of the Head of the Veterinary Department and owing to the absence of free interchange, there is a danger of stagnation resulting in possible loss of efficiency and also of discontent in the service.

4. Government have, therefore, been considering, for sometime past, the desirability of treating all officers employed on Veterinary work as belonging to one cadre and are now pleased to sanction the re-organisation of the Veterinary Department so as to include all Veterinary Officers in a single cadre.

5. The Veterinary Officers now working outside the Veterinary Department will hereafter be designated as Asst. Superintendents, Veterinary Officers or Veterinary Inspectors according to their pay , length of service and qualifications. They will continue to carry on their duties under the administrative control of the heads of the Departments to which they are attached, but the technical supervision of their work will rest with the head of the Veterinary Department. The Officer in charge of the Palace Dairy Farm will also be included in the general cadre and shown as lent to ~~the~~ the Palace so as to allow of interchange when necessary.

6. The Director of Agriculture is requested to submit immediately a proposition statement with suitable proposals for allocating and fixing the pay of all Veterinary Officers in the new cadre, in consultation with the Chief Commandant and the Conservator of Forests. The Huzur Secretary may also be consulted regarding the place in the cadre of the officer attached to the Palace Dairy Farm.

Government of His Highness the Maharaja of Mysore.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. D. 3089-148—C. V. 10-26-2, dated 5th November 1926.

Reorganisation.

Sanctions the ------ of the Veterinary Department so as to include all Veterinary Officers in a single cadre and calls for proposals for allocating the Veterinary Officers in the new cadre.

ORDER No. D. 3089-148—C. V. 10-26-2, DATED 5TH NOVEMBER 1926.

The Veterinary Staff at present employed in the State is distributed between the Civil Veterinary Department and the Veterinary Establishments attached to the Military and Forest Departments. The Officers in the Civil Veterinary Department consist of a Superintendent, two Assistant Superintendents, two Veterinary Officers and thirty-two Veterinary Inspectors (of three grades). The total number of these officers is now 37, excluding the staff of the Mobile Corps. There are four officers in the Veterinary Establishment attached to the Military Department, namely; Veterinarian; Mysore Lancers; Assistant Superintendent, Kunigal Stud; Veterinarian, Transport Corps; and Veterinarian, Mysore Horse. There is one Veterinary Inspector working in the Forest Department and another is attached to the Royankere Palace Dairy Farm.

2. The Civil Veterinary Department is directly in charge of the Superintendent working under the general administrative control of the Director of Agriculture. The Commandants of the Mysore Lancers, the Mysore Horse and the Transport Corps and the Superintendent of the Kunigal Stud, control the Veterinary Staff attached to them under the general direction of the Chief Commandant. The Veterinarian in the Forest Department was originally placed under the Game Preserve Officer, but since the abolition of that post, he works directly under the orders of the Conservator of Forests.

3. The employment of these officers, possessing similar technical qualifications more or less permanently, in different Departments, is a source of much inconvenience. The staff employed outside the regular Civil Veterinary Department is small and the members thereof have few chances of promotion. Their work is not subjected to the technical supervision of the Head of the Veterinary Department and owing to the absence of free interchange, there is a danger of stagnation resulting in possible loss of efficiency and also of discontent in the service.

4. Government have, therefore, been considering, for sometime past, the desirability of treating all officers employed on Veterinary work as belonging to one cadre and are now pleased to sanction the reorganisation of the Veterinary Department so as to include all Veterinary Officers in a single cadre.

5. The Veterinary Officers now working outside the Veterinary Department will hereafter be designated as Assistant Superintendents, Veterinary Officers or Veterinary Inspectors according to their pay, length of service and qualifications. They will continue to carry on their duties under the administrative control of the Heads of the Department to which they are attached, but the technical supervision of their work will rest with the Head of the Veterinary Department. The Officer in charge of the Palace Dairy Farm will also be included in the general cadre and shown as lent to the Palace so as to allow of interchange, when necessary.

No. D. 3089-148—C. V. 10-26-2, DATED 5TH NOVEMBER 1926.

6. The Director of Agriculture is requested to submit immediately a proposition tatement with suitable proposals for allocating and fixing the pay of all Veterinary)fficers in the new cadre, in consultation with the Chief Commandant and the Conservator)f Forests. The Huzur Secretary may also be consulted regarding the place in the cadre f the officer attached to the Palace Dairy Farm.
